April 2015

Spring Issue

Best Practices in Arizona

Fung and Kurtis attended the Best Practices Conference in Arizona. They shared information about LINC Twin Cities' ministries and recruited leaders, especially with individuals from Minnesota, to participate in HIM's training.

Connected with Ethnic Ministries

LINC-TC co-sponsored a Valentine's dinner to bring Hmong married couples together to learn about issues that could potentially cause marriage breakdown. Fung worked with the Hmong LCMS ministers to host this event for the Hmong community. He was also the presenter.

Pray for US Ambassador to Laos

Fung met Mr. Daniel Clune, US Ambassador to Laos at the Hmong community forum in St. Paul, MN. Issues concerning religion freedom were asked of the Ambassador. Fung led the Hmong pastors and their spouses in prayer for the Ambassador.

H.I.M

After many prayers and preparations, LINC Twin Cities finally launched the Harvest Incubator for Mission (HIM) training on April 18, 2015 with a cohort of 13 students. We thank the Lord for granting Pastor David Seabaugh of Bethel Lutheran Church with wisdom and time to write the curriculum for the HIM. We also thank the Lord for the Seabaugh family for being supportive of HIM. Please continue to pray for HIM to be effective and successful on transforming church members to be Christ's disciples.

Coaching

Kurtis met with one of HIM's cohort participants on a coaching session. Coaching is one the three components of HIM's discipleship training program. The other components are "Gathering and Ministry" engagements.
