Discipleship students planting gingers in the field to raise fund

## Do Everything in Love

In the month of April we were busy with discipleship training and guiding our Hmong pastors and church leaders to live out what they learned from the training by having them served at three different projects. **The first project** involved helping to raise fund for the Huayniam Children Center by digging trenches to plant gingers. Please see a video here: <https://vimeo.com/268168716>. They worked for four days, they raised 500 baht to buy paints to paint the hostel.

**The second project** was painting the Huayniam Children Center. It took all of our staff, discipleship students and some Hmong parents two days to finish painting the center. It looks good.

**The third project** was replacing the roof of a tiny house for an elderly man at one of our mission churches' village. Our daughter's Faith Lo donated fund from her "Helping

Hand Project" to buy the necessary materials. Members of our mission church and our discipleship students provided the labor. They worked together in love for the elderly man, the roof was finished within four hours. However, we had to drive 16 hours to and from the village to finish that project. To see a video of the project click here: <https://vimeo.com/268177102>. We were asked, why are you doing all these projects? Our answer was that this is what it means to be Christian.

To love our neighbors and "Do everything in love" (1 Cor.16:14). This was the lesson that we wanted our discipleship students to learn. Please keep them in your prayers. Also, keep Fung in your prayers as he is on furlough in the US traveling and visiting churches. See his furlough schedules on the right column. Your missionaries: Fung, Kalia, and Mercy.
